## Letter from the Chair

Hey Kogaracon Family,

I say family because for the last 10 years we have celebrated pop culture and anime together. It has been amazing to grow with you all, no matter what obstacle has come our way be it venue changes or a pandemic we have withstood all obstacles together. This being our 10-year anniversary is very special, the staff has worked very hard to make sure everything goes off to the best of our abilities. We have also listened to a lot of what you have said, we have worked on the Wi-Fi, created visual signage and maps, and gave more food varieties because you asked for it! We want to make sure your experience is just as amazing for you as it is for us!

I hope you enjoy this year and will continue to grow with us for the next 10 + Years!
